The image shows the interior of a wooden sauna. The walls and ceiling are made of horizontal wooden planks. A wooden bench is built into the wall, and a window is visible on the right side. A heater is located in the bottom right corner, with a tray of stones on top. The text is overlaid on the left side of the image.

WHO WE ARE

Over 30 years of creating the UK's most exciting pool and wellness facilities.

Founded in 1988 as BOS Leisure, we have established ourselves at the forefront of the UK pool and wellness industry, rebranding as **Ursell Pools & Wellness** in 2019 to better reflect our position in both sectors.

We have the unique ability to manage your project in-house, from design and planning right through to completion, ensuring unrivalled consistency and quality.

Ursell Pools & Wellness consistently delivers high end, award winning projects to surpass expectations. Our extensive client list and numerous recommendations are a result of our ability to deliver excellent projects.

If you're looking to install a pool or spa in your garden, hotel, school or health club, our expert team has all the skills, tools and expertise you need.

PROJECT | EXTENSIVE HOME SPA & POOLS

A photograph of a modern indoor pool. The pool is rectangular and filled with clear blue water. In the foreground, two black folding chairs with white sheepskin covers are positioned on a dark stone deck. The pool is set within a room with white horizontal slat walls and a dark ceiling. Large windows and a glass door provide a view of a coastal landscape with green hills, a cliff, and the ocean under a blue sky with light clouds. The text "WE HAVE DESIGNED AND BUILT POOLS IN EVERY CONCEIVABLE SETTING" is overlaid in white, sans-serif capital letters across the center of the image.

POOLS

Whether a large commercial installation or small domestic build, we'll always provide the highest level of care and attention to detail.

Our expert team can install fully automated chemical dosing, total heat and environmental control, along with a wide range of safety covers, thermal covers and counter current units. Most recently our portfolio has grown to include state-of-the-art ultra low chlorine pools, as well as a revolutionary bio-mineral chemical-free filtration system.

WELLNESS

Ursell Pools & Wellness design and build a comprehensive range of wellness environments and facilities, working for large commercial operators as well as boutique hotels and clients in the private sector.

Our creative and installation teams work hand in hand to provide exceptional quality and creative control ensuring that our design is implemented with an unrivalled attention to detail across the entire project.

For the domestic client, our in-house creative team design and develop bespoke or modular thermal cabins both for indoor or outdoor use.

SERVICE

Ursell Pools & Wellness has the experience and track record to back up our commitment to high-quality, reliable ongoing service.

Once we have completed a project, whether a commercial pool, domestic spa or sauna, we always aim to develop a long and positive relationship with our clients. We take a great amount of pride in helping you long after the initial installation.

This might cover regular servicing of pools, commercial maintenance or nothing more than some helpful advice on chemicals. Our team of ten engineers, backed by an extensive office staff, have the expertise and experience to fulfil the industry's wide range of service and maintenance requirements for both pool and wellness equipment.

Our team is ready to tackle pool leaks, new liner and cover installations, spring commissions, winter close downs, sand changes, sauna and steam-room maintenance, and commercial plant refurbishments and service.

If you have a swimming pool, whether one of ours or not, and you would like regular maintenance or some advice, we'd love to hear how we can help.
